

74.020 Appointment of commissioners -- Number -- Terms -- Removal -- Vacancies -- Organization -- Bond -- Compensation.

- (1) A water district shall be administered by a board of commissioners which shall control and manage the affairs of the district. The term of each commissioner is four (4) years, except as provided in this section:
 - (a) If a district lies wholly within a single county, or operates as a single-county district, as provided in paragraph (c) of this subsection, the board of commissioners shall be composed of either three (3) or five (5) members as the county judge/executive shall determine. Members of the board shall be residents of the district, or of any incorporated or unincorporated area served by the district in the county in which the district was originally established, who shall be appointed by the county judge/executive with the approval of the fiscal court. If two (2) or more water districts within a single county merge as described in KRS 74.361, the county judge/executive may appoint up to two (2) additional commissioners with the approval of the fiscal court. Initial appointments shall be for terms of two (2), three (3), and four (4) years, as designated by the court.
 - (b) Except as provided in paragraph (c) of this subsection, if a district formed in a single county extends its area to include territory in an adjacent county, as provided by KRS 74.115, the board of commissioners shall be appointed by the county judges/executive with the approval of the fiscal courts of the concerned counties as follows: in two (2) county districts, three (3) members from the original district and two (2) members from the extended portion of the district; for extensions into three (3) or more counties, the respective county judges/executive, with the approval of the fiscal courts, shall appoint, in addition to the existing membership of the commission, two (2) members from the original one-county district and two (2) members from the newly extended portion of the district. Orders establishing the extension shall provide for the staggering of initial terms in an equitable manner.
 - (c) If a single-county district administered as provided in paragraph (a) of this subsection shall acquire an existing water or gas distribution system serving an area which extends beyond the boundaries of the district into another county, or if a district formed in a single county extends its area to include territory in an adjacent county as provided by KRS 74.115, it may operate the distribution system so acquired, or extended, if the area served outside the county shall be deemed to be a minor portion of the total area served by the district, and if the fiscal court of the county containing the minor portion of the total area shall have agreed to the acquisition or to the extension of the distribution system. If less than twenty-five percent (25%) of the total assets of the distribution system are located within the county outside of the boundaries of the district, it shall be conclusively presumed that the district comes within the terms of this subsection.
- (2) A commissioner may be removed from office as provided by KRS 65.007.

- (3) A commissioner who participates in any official action by the water district board of commissioners which results in a direct financial benefit to him may be removed from office as provided by KRS 65.007.
- (4) Vacancies shall be filled by the same appointing authority which is empowered to make the original appointment. Vacancies resulting from cause other than expiration of the term shall be filled for the unexpired term only. Notwithstanding the provisions of KRS 67.710, a vacancy resulting from the expiration of a term shall be filled by the Public Service Commission if, within ninety (90) days following the expiration of the term, the vacancy has not been filled by the appropriate county judge/executive with approval of the fiscal court.
- (5) The commission shall elect a chairman, secretary, and treasurer. Each commissioner shall execute a bond, approved by the county judge/executive, conditioned on the faithful performance of the duties of his position.
- (6) Each commissioner shall receive an annual salary of not more than thirty-six hundred dollars (\$3,600), which shall be paid out of the water district fund, except that beginning January 1, 1999, each commissioner who completes during an educational year a minimum of six (6) instructional hours of water district management training approved by the Public Service Commission may receive an annual salary of not more than six thousand dollars (\$6,000) to be paid out of the water district fund. An educational year shall begin on January 1 and end on the following December 31. In the case of single-county districts, which shall be deemed to include districts described in paragraph (c) of subsection (1) of this section, the salary shall be fixed by the county judges/executive with the approval of the fiscal court; in multicounty districts, it shall be fixed by the agreement between the county judges/executive with the approval of their fiscal courts. In fixing and approving the salary of the commissioners, the county judge/executive and the fiscal court shall take into consideration the financial condition of the district and its ability to meet its obligations as they mature.
- (7)
 - (a) In order to receive an increase in salary as specified in subsection (6) of this section, commissioners shall successfully complete six (6) instructional hours of water district management training annually. The training shall be approved and paid for by the water district of the county the commissioner represents. Those commissioners not required to complete the six (6) instructional hours shall be reimbursed for the cost of instruction if they choose to complete the water district training.
 - (b) The Public Service Commission shall be responsible for the regulation of all water district management training programs for commissioners of water districts, combined water, gas, or sewer districts, or water commissions.
 - (c) The Public Service Commission shall encourage and promote the offering of high quality water district management training programs that enhance a water district commissioner's understanding of his or her responsibilities and duties. The commission shall, no later than January 1, 1999, establish standards and procedures to evaluate, accredit, and approve water district management training programs.

- (d) The Public Service Commission may promulgate administrative regulations in accordance with the provisions of KRS Chapter 13A to implement this section.
